

Your guide to the world of LEGO® 1974

your brick

With LEGO you build your own toys

All children have a need to create. It's their way of expressing themselves when words aren't enough. They draw, paint, dress up, build sand castles, play with bricks.

LEGO is a creative material with endless uses, unlike ready-made toys which are often limiting.

With LEGO, you simply build your own toys. Your imagination determines what they look like and the fun is in the building too.

As you build, your imagination grows, just as your body grows on the food you eat. That's why creative play is just as important as food and sleep and love for a child's development.

How to choose the right LEGO for the right age

In future, every new set will have a "suitability symbol" to help you make the best choice:

For toddlers from $1\frac{1}{2}$ years.

Easy building for girls and boys from 3 years.

For girls and boys who already have some experience of LEGO.

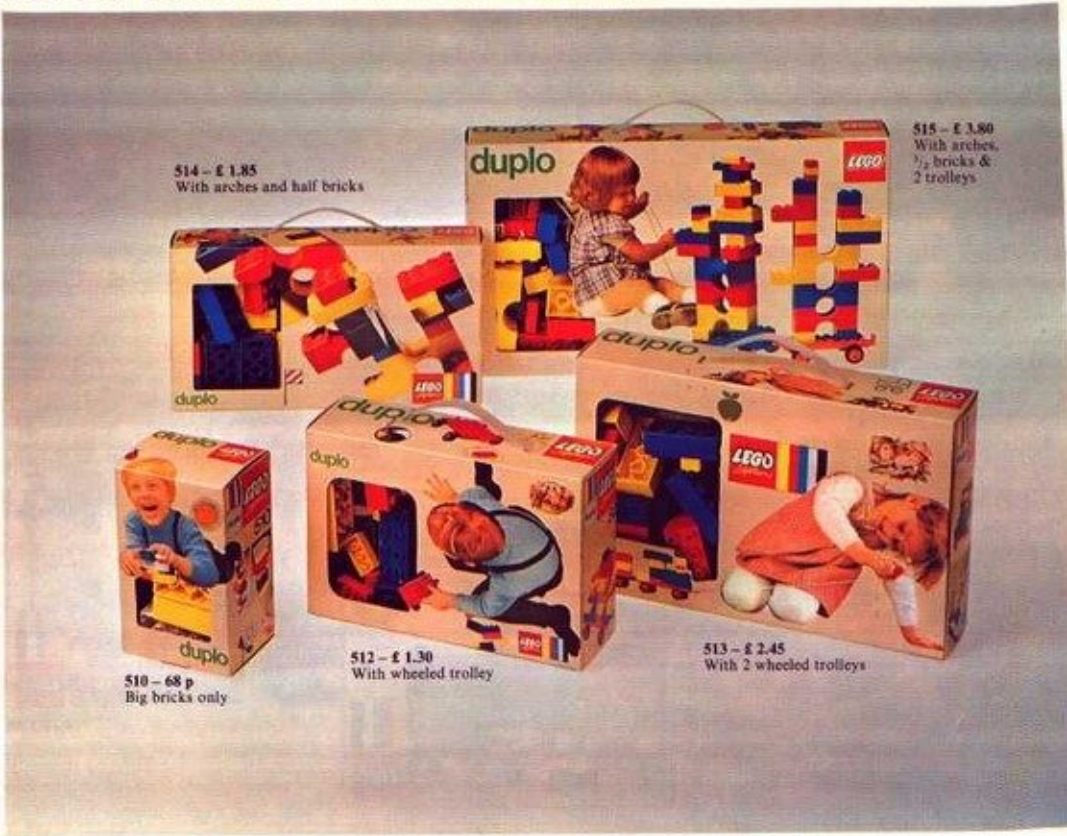

For girls and boys who are really familiar with LEGO and build

Big blocks for tiny fingers.
LEGO DUPLO® from 18 months

A

We are all born creative. So LEGO have made big blocks called DUPLO for toddlers. Big, chunky blocks in clear, bright colours for little fumbling fingers.
Big blocks fit together with ordinary LEGO bricks too so you can go on using them long after other nursery toys have been discarded.

Basic Sets for building what you like

2 – £ 1.75

3 – £ 2.55

4 – £ 3.35

The Basic Sets are the very core of the LEGO idea of creative play and the best way to start a LEGO collection. There are lots of bricks plus trees, windows, shutters, doors, and wheels.
The pictures on the box will give you lots of ideas. Build whatever takes your fancy just the way you want it.

That's what LEGO is all about.

And now! Introducing . . . the LEGO Family!

200 – £ 1.25
The LEGO Family. Mother, Father, Grandma and the 2 children.
NEW for Easter

C

B

250 – £ 1.40
Aeroplane with pilot

251 – £ 1.85
Windmill with miller and his wife

252 – £ 2.40
Locomotive with engine driver and passenger

ALL NEW for Easter

We can bring your LEGO play to life. We can sit or stand. Hold hands and other bricks. You can make us fat or thin, tall or short.
We are just what you always needed for all sorts of LEGO models.

Easy Model sets have simple instructions. Build them as shown or in your own way if you prefer. You can build lots of different things from every model set. They are an ideal next step after Basic Sets for children of 3 years

Ship ahoy!

310 – £ 1.35
Tug
311 – £ 1.85
Ferry
312 – £ 2.15
Tanker

Ships that float. Float on ponds or in the bath. Take off the weighted keel and they'll "sail" on the carpet too. You can even put wheels on them if you wish.

The BIG Lorries

378 – £ 1.45
Tractor and trailer

379 – £ 1.45
Car and caravan

381 – £ 1.45
Lorry and forklift truck

384 – £ 1.90
London bus

382 – £ 1.90
Breakdown truck and car

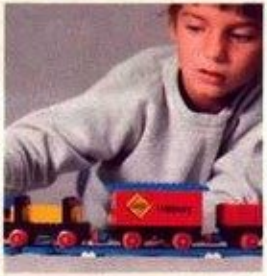

383 – £ 2.25
Low loader and excavator

If you want lorries with doors that open, steering that works, cranes that winch, then these are for you. Build them, take them apart, re-build them different next time and drive them. It's hard to grow out of LEGO!

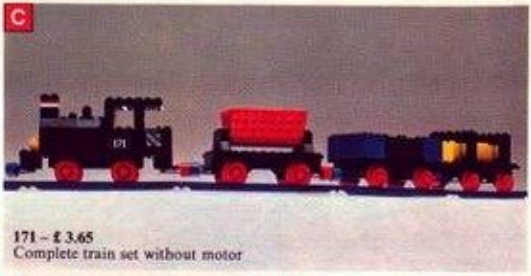

Your Brick

Trains you build yourself

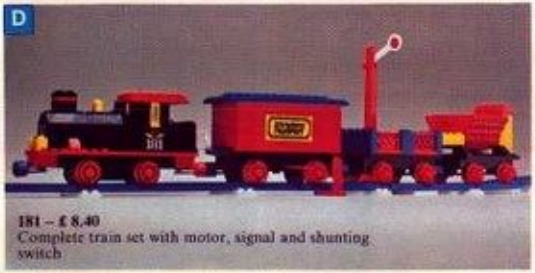

C

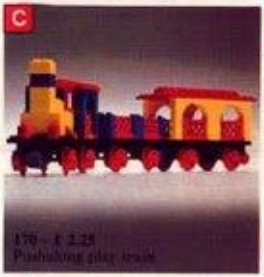

171 – £ 3.65
Complete train set without motor

D

181 – £ 8.40
Complete train set with motor, signal and shunting switch

C

170 – £ 2.25

C

150 – 60 p
Straight rails

151 – 60 p
Curved rails (half circle)

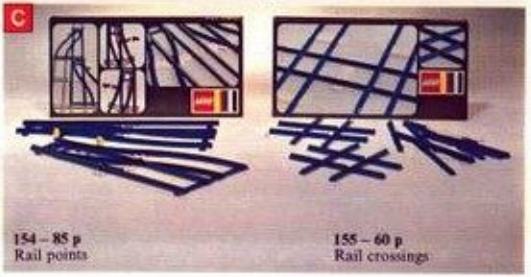

C

128 – 98 p
Mobile crane

C

154 – 85 p
Rail points

155 – 60 p
Rail crossings

It's fun to build your own train exactly according to the building plans and then play with it. But tomorrow you may want an inter-city express or an old steam train. No problem. Re-build it just as you want it. That's the joy of LEGO.

Get things moving!

All the fascination of machines, of things that turn and pump and whirr! Add the LEGO motor and you've got power drive too! These sets contain gears, universal joints and caterpillar tracks. And easy-to-follow instructions for all sorts of working models. You don't need to be an engineer but you might decide to become one after building models like these!
